IMPORTANT INFORMATION

If you have a tent that fits into the shape of the car when open, you can stop and sleep wherever you want, as it is a kind of parking.

MAGGIOLINA

AIRTOP

COLUMBUS

OVERCAMP

If you have a tent that comes out from the shape of the car when open, you need to go in a camping site or in a private area.

PRODUCTS COMPARISON

FEATURES AND EQUIPMENT

The tents used the world over by Tour Leaders and Explorers, for extreme car rallies and expeditions, are identical to the standard production: the same product anybody can buy.

We guarantee that all models of Fiberglass Shell Tents are skilfully constructed entirely by hand. Their composition is very stable and will not weaken or fade over time like common plastic or similar products available on the market. In addition, the composition of glass fibre polyester used, is a perfect insulator from hot and cold environments and if necessary can be easily repaired or painted to colour match your vehicle.

WEIGHT

The GRP (fibreglass) outer shells are all hand made and finished, therefore some variations may appear in the finished weights (Manufacturers tolerance rate is within 5%).

The weight includes high density mattresses 7 cm high and pillows. The weight does not include the ladder that varies according to the height required (ladder about 5 kg).

The weight of the fabric tents includes high-density mattresses 6 cm high, pillows, wings and ladder whose maximum height is 2,35 mt.

The fabric tent floor is made of wood protected by a laminate layer making it perfectly waterproof. It is an elastic and resistant long fibre material withstanding stresses and the weight of the occupants (the floors are not made of polyurethane or coated polystyrene).

The shell products are guaranteed and of **Tüv certified quality**, the manufacturing company is also **ISO 9001** certified.

All Autohome® products are **100% of ITALIAN ORIGIN**, guaranteed by the manufacturer from **2 to 5 YEARS** (see warranty conditions).

ISO 9001:2015

VOLUME

(I*) variable approximate value depending on the model and size which indicates, with the tent closed, the volumetric capacity of the upper shell that allows you to stow: blankets, sleeping bags and night necessities, beauty-cases, bags and accessories for travel.

MORE INFO

For more information, refer to the general use and maintenance instructions that are an integral part of the product.

POSITIONING ON THE VEHICLE

The exclusive Autohome fixing system, with 2 “C” guide rods in the base, allows the tent to be fitted to any vehicle roof: family car, off-road, station-wagon with railing, SUV, camper, van, pick-up, sheeted vehicle, truck... Quick and safe, the system has 4 adjustable clamps – a standard feature – to position and secure the tent as required on any roof or railing, without risk and without needing to change the bodywork.

SPARE PARTS

PRICE LIST FOR SPARE PARTS ON REQUEST

- Repairs can be carried directly by the Manufacturer only in the winter months from SEPTEMBER to January; customers should bear this in mind and plan accordingly. Repairs are paid in advance based on the estimate.

- Customers should pick up the repaired item at their own expense within 20 days of notification of completed reparation.

- Failing this, the manufacturer may require an indemnity for prolonged storage.

PACKING AND DELIVERY

All roof tent models are delivered in sturdy cardboard packing protected inside with polystyrene.

GENERAL

CONDITIONS

PRICES: Every quotation given in the catalog is subject to change without any obligation to give prior notice. The VAT is included in the goods' ex-factory price at Rivarolo Mantovano.

DELIVERY: The delivery terms are merely indicative. Any delays shall not be a cause for cancellations and/or indemnities of any sort and shall not entail any liability of the seller.

TRANSPORT: Upon receiving the goods, the Client is obliged to check the integrity and/or mishandling of the packaging and/or the possible lack of batches, with the obligation to immediately notify the carrier before the release of the goods, through a signed annotation on the bill of; if this procedure is not followed, no reimbursement will be given. Incomplete shipments with missing accessories if requested, due to the lack of warehouse availability, shall not give rise to complaints or indemnities of any sort. Returned goods will not be accepted without a written authorization of the Seller. If the goods dispatched will not be released, all the expenses shall be borne by the Client.

PAYMENTS: Except for particular agreements, the payments shall have to be made directly to the Seller. The down payments that may have been given will be considered as a confirmation according to ex Art. 1385 of the Italian Civil Code.

GUARANTEE: Every product was manufactured with the most suitable materials for their intended use. Autohome's quality control is marked by a series identification number that identifies the product, and guarantees an article without defects. Should defects be evidenced, the client may avail of the two-year guarantee, starting from the date the product was delivered. It will however be the Seller's duty to check the basis for the complaint of product defect, which must be relayed according to the deadlines and terms provided by laws. In case of a positive verification, the Seller shall provide for repairs, if possible, or replacement of the defective material. The guarantee shall not cover the defects caused by improper use or normal wear. The shipment costs will be borne by the Client, except when otherwise agreed. For more information, visit www.autohome-official.com.

WITHDRAWAL: The customer is granted fourteen days to withdraw from the remote contract or from the contract not agreed within the commercial premises, with no reason required and cost-free.

WARNINGS: To best appreciate and correctly use the products, we recommend that instructions and warnings accompanying the product be properly read. Please remember that any element applied on the tent will alter the normal conditions of the vehicle. Therefore, the speed must be suitably reduced. The manufacturer declines any liability in case of accidents that may arise due to improper use.

OFFICIAL CATALOGUE: The official catalog has no contractual value. Colors, weights and measurements are given approximatively. The Seller and the Producer reserve the right to make any technical, esthetic and construction changes without any prior notice. Any disputes regarding the sales contract will be settled by the Court of Mantua. In cases where the buyer is a consumer, reference will be made to the local authorities as foreseen by law.

AUTOHOME: Is the brand that identifies the range of products and accessories made in Italy by Zifer Italia s.r.l. – Viale Risorgimento n. 23, 46017 Rivarolo Mantovano (MN).

Autohome® Internationally Registered Trademark no. 886239

5* YEARS GUARANTEE

Every single Autohome product has been studied in detail and carried out by utilizing the most suitable materials for its expected use. The fifty-year experience concerning the products allowed the Company to choose suitable materials tested in any different weather and travel conditions.

Strict "Autohome Quality" controls assure that the product is faultless both concerning materials and construction.

*see notes in the instructions given with the product or ask for information: e-mail: info@autohome.it

The tents used the world over by Tour Leaders and Explorers, for extreme car rallies and expeditions, are identical to the standard production: the same product anybody can buy.

Each Autohome roof tent is marked by a Serial Number (label on the internal side of tents' inlet door), which distinguishes the tent and indicates the quality controls it has undergone.

It is recommended to carefully read the general instructions for use and maintenance, which are an integral part of the product and are supplied within its packaging. Pay attention not to lose them! In case of loss, ask for them to the point of sale or to info@autohome.it
